

## OUR PROGRAMS

### CAREERS: THE NEXT GENERATION

CAREERS: The Next Generation works with schools to introduce students to the importance of employability skills and the value of applied learning through Career Exploration Workshops. Workplace internships in trades and health services are a key part of the career exploration process.

Registered  
Apprenticeship  
Program

Health  
Services

The Co-op Apprenticeship Program is a community driven, education program designed as a Learn and Earn approach toward enhancing the ability of recent high school graduates to transition into a career in the trades.

Apprenticeship  
Program

### TECHnology PREPARation PROGRAM

Tech Prep is a focused, goal oriented program combining challenging academic curriculum with employability skills to better prepare students for post-secondary training or direct entry into employment.

Tech Prep incorporates academics, CTS courses, off-campus education, personal and job safety skills, career development skills, and information technology skills in four broad career clusters.

SOUTH EASTERN ALBERTA PARTNERS FOR  
**Youth Career**  
**DEVELOPMENT**  
*Linking Youth to Career Pathways*

## OUR MISSION

To provide a community based partnership in South Eastern Alberta that integrates academic, applied learning and career awareness to support youth in making a successful transition from school to work or post-secondary education.

## OUR GOAL

Through a coordinated effort, youth will have optimal access to career development resources and be better prepared to take advantage of relevant learning and workplace opportunities.

## OUR PRINCIPLES

- That learners are central to what we do. Participants are committed to assisting learners to reach their full potential.
- Honesty, integrity, compatibility of purpose, trustworthiness and reliability describe the relationship between members of the partnership and youth.
- Efforts will be directed toward enhancing youth career exploration and development in the trades and selected career pathways.
- Goals, expectations, informed decisions and successes are based on a clear statement of purpose, evaluative strategies, measures, and performance assessments, which guide healthy and energetic actions.
- Resources (human and fiscal) will be shared to maximize opportunities for youth career development.
- Provincial networking and sharing of "best practices" by Careers: The Next Generation and other partnerships will be encouraged.

## OUR OBJECTIVES

- To establish partnerships with organizations that will support our goals.
- To market programs to the key stakeholders in South Eastern Alberta communities i.e. students, parents, businesses.
- To assist in establishing workplace opportunities for students to explore career pathways and to enhance employability skills.
- To support the coordination of career development initiatives, such as Registered Apprenticeship Program, Co-op Apprenticeships, Health Services Summer Internships, Tech Prep, Skills Canada, Career Fairs, Junior Achievement, and Take Our Kids to Work.
- To build a future talent pool for South Eastern Alberta in the trades, health services, and other career pathways.
- To promote the goals of Alberta Learning.
  1. High Quality Learning Opportunities for All
  2. Excellence in Learner Outcomes
  3. Highly Responsive and Responsible Jurisdiction
- To encourage a better understanding of the value and purpose of Employability Skills Portfolios to our students, parents, and community.
- To provide a clearinghouse for information and resources to educators.
